## EDUCATION

### B.E Information Science and Engineering

East West Institute Of Technology  
(PCMB) Pace UM PU College,  
Shivamogga

CGPA - 8.1  
2025  
CGPA - 8.5  
2021

## TECHNICAL SKILLS

- **Programming Language:** Python, SQL.
- **Frontend Technologies:** HTML, CSS, JavaScript.
- **Framework:** Django, Django RESTAPI, ReactJs.
- **Database:** MySQL.
- **Development Tools:** Git, GitHub, VsCode.

## PROFESSIONAL SUMMARY

- Motivated Full Stack Developer with expertise in Python, software development and scalable application design.
- Passionate problem-solver skilled in building efficient, user-friendly solutions and enhancing performance to create meaningful user experiences.
- Collaborative and adaptable professional with strong analytical skills, a growth mindset, and a commitment to delivering high-quality, business-aligned solutions.

## EXPERIENCE (INTERN)

### Full Stack Python Developer | Pentagon Space

#### Project: Personal Portfolio Website

[Portfolio link](#)

**Technologies used:** React.js + Vite, CSS3, HTML5, JavaScript (ES6+)

#### Role And Responsibilities:

- Developed and deployed a responsive React + Vite portfolio website showcasing skills, projects, and experience with a clean, mobile-friendly UI and optimized performance.
- Modular React components for Experience, Projects, Tech Stack & Profile.

### Full Stack Web Developer using Python | Accurate Info Solution

#### Project: Medical Shop Management System

[GitHub Link](#)

**Technologies used:** HTML, CSS, JavaScript, Python, SQL, Django.

#### Role And Responsibilities:

- Developed a system to manage the dealer, medicine, employee & customer data for a medical shop.
- Developed a module to maintain customer records, medicine stocks, employee records prescription histories
- Technical discussion with accurate team and designed user-friendly website and successfully managed project timelines, balancing multiple problem-solving tasks.

## COURSES & CERTIFICATES

- Python Full Stack -Pentagon Space
- Full Stack Web Developer Using Python - Accurate Info-Solution.
- Certified in Deep Dive into Python Libraries - Indo Skill.
- Certified in Git, SQL, ReactJS, JavaScript - LinkedIn learning.

## ACTIVITIES

- Youth Summit 2024, Which Is Organized By **GoTalentplace.ai**

## PROJECTS

### Campus Selection System | **Technologies used:** HTML, CSS, JavaScript, PHP And Visual studio Code

- Developed a Campus Selection System to streamline the recruitment process for students and companies.
- **Student Module:** Designed a user-friendly interface for students to register, upload resumes, and apply for job openings.
- **Company Module:** Enabled companies to post job listings, shortlist candidates, and schedule interviews through the system.

### Coffee Chain Simplified Data Corrected | **Technologies used:** Excel, Power Query, Dashboard

- **Data cleaning:** Correcting inaccuracies and inconsistencies in the dataset.
- **Sales analysis:** Identifying trends in sales by product type, product, profits, Cogs, markets size and location.

### E-commerce Store | **Technologies used:** HTML, CSS, JavaScript, ReactJS

- Developed a responsive e-commerce web app using ReactJS that dynamically fetches product data from a public API.
- Implemented product listing, cart management, and checkout simulation using React hooks and state management.
- Enhanced user experience with clean UI design, real-time updates, and local storage for persistent cart data.

## INTERPERSONAL SKILLS

- Versatile and detail-oriented full-stack web developer with successfully managed project timelines in designing, developing, and deploying scalable web applications.
- Proven ability to work collaboratively in team settings and adapt to dynamic environments to develop strong analytical skills and a passion for problem-solving.
